

WILL BE VINDICATED.

Some weeks ago the Stockton Mail published an article against a candidate named Shippee. F. F. Bagley, a member of the Common Council, stated that the Mail had offered to suppress the article for \$500.

The Mail has begun a libel suit against Bagley for \$5000. It states in its complaint that Bagley is impecunious, and that the suit is not so much for damages as to vindicate the character of the paper.

It is a common thing when a newspaper publishes a derogatory but truthful article about a candidate, for the friends of the candidate to go about and endeavor to break the force of the disclosures by saying that an offer had been made to suppress the article for a certain sum. This lying defense is the only one they can make.

The Mail will not allow itself to be disposed of in this way, and will make Bagley sweat for his remark.

There is no more honorable journal in California than the Mail, and its proprietors, Colton and Numan, are men above the suspicion of dishonesty in the conduct of their business. The suit will vindicate the Mail thoroughly and completely.

A POINT WELL TAKEN.

The Austin Reveille files a pretty vigorous objection against the fact that some \$300 worth of job work was sent away from Lander county by the Board of Commissioners to the Morning Appeal office.

It thinks that the work of the county should be done by the home paper. The Appeal fully agrees with the Reveille on this point. The county paper is entitled to all the official advertising and printing required by the county.

Of course, the Appeal having a very extensive job office, never refuses work that is brought to it, but the principle of having printing done away from home is something it has never endorsed.

The work done by the Appeal job department is of a quality that has made it famous over the State, and a good deal of work is sent in to it from outside counties. It is our candid opinion, however, that the work done by the Appeal in this instance was work that could have been done just as well by the Austin Reveille, and the Commissioners should have sent it there.

To the Point.

The White Pine News says: The Census Bureau has sent a circular to our County Clerk asking the quantity in gallons of whisky used in our county hospital for the year 1889. The following is the reply: "Hospital bought five gallons of mighty common whisky in 1889. This was mostly bought by patients who died same year. Hospital closed in December; no patients left."

The execution of Kemmler was a grand bungle, but the man died after all. The doctors claim that he suffered no pain, but the general public think that he passed through terrible agony. If the general run of criminals think so it may stay their hand when about to commit murder. The old rope appears to have lost its terror.

The State Board of Trade is fixing up a constitution for the people of the State to pass upon, and it is being published in installments in the Reno Journal. It looks at first flash as if the drafting of a constitution was not exactly a part of the duties of the State Board of Trade.

The revised returns of the Salt Lake, Utah county election show that the Liberals have elected the Assessor, Selectmen, Surveyor, Attorney, Coroner, Clerk and Treasurer. The Mormons elected the Sheriff and Recorder.

**A RARE OPPORTUNITY.**

Good Agricultural Land for \$10 to \$20 per Acre.

The Pacific Improvement Company has recently purchased twelve thousand acres of land in the heart of Tehama County, for the purpose of promoting subdivision and settlement. This land embraces lands from first-class Sacramento Valley agricultural land, to land of fair average quality, and is offered at from \$10 to \$20 per acre. In subdivisions of 40, 80, 120, 160 and 320 acres.

The terms upon which these lands are offered are exceptionally attractive. They will be sold in subdivisions as above indicated, by the payment of interest only for three years, at which time the purchaser can begin the payment of principle by paying the first of five equal annual installments. Thus no part of the principle is to be paid for three years, and then the purchaser is to have five years in which to pay five equal annual installments, with interest at the rate of seven per cent. per annum, making payments extending over a period of eight years. Intending purchasers are assured that this is an opportunity to purchase land of fair average quality at \$10 per acre, and good agricultural land at \$20 per acre, with other grades of land at prices to correspond between these figures.

The assertion is frequently made that good lands, suitable for general farming and especially adapted for fruit growing cannot be had in California for less than from \$50 to \$100 per acre. An examination of the land subject of this advertisement will prove to home seeker that this is an opportunity for the purchase of good agricultural land at \$10 an acre, and for qualities grading down to fair agricultural land at \$10 an acre on terms of payment which should make the disposition of these lands to actual settlers a result easy of accomplishment.

The primary object of the purchase of this body of land was the breaking up of a large holding for the purpose of promoting its settlement in smaller quantities and its devotion to diligent husbandry.
